

Polyurethane Flooring

URECRETE SC

URECRETE SC is specialist applied, polyurethane resin floor finish, combining outstanding wearing properties with high chemical resistance and decorative properties. Ideally suited to aggressive areas where a seamless, joint free finish is required and maximum cleanliness is essential. Food processing and storage, abattoir's, drinks production, dairies and general heavy duty plant and traffic areas are just some of the environments that can benefit from this slip resistant system. URECRETE SC has been formulated to give an easily worked system that can be applied quickly and easily by using a pin rake, only requiring finishing with a trowel to give the required finish.

Benefits

- Easily applied by rake and trowel
- Hard wearing - extremely durable and abrasion resistant with low maintenance cost
- Facilitates rapid application
- Resistant to a wide range of chemicals and liquids
- Independently tested - suitable for use in food and drinks production environments
- Seamless - easily cleaned to maintain high standards of hygiene
- Resistant to thermal shock - at 9 mm thick can withstand steam cleaning regimes

Applications

- Ideal for wet processing zones such as food manufacturing, food preparation areas and chemical processing plants.
- Use for high-production projects through screed box applications
- Industrial and commercial kitchens,
- Meat processing plants
- Pet food plants
- Cold storage locations
- Hospital and laboratories
